RESTORATION of Rights

MISSION

Delaware Advocates for the Reform of Sexual Offense Laws is a statewide volunteer organization devoted to promoting a more balanced, effective and rational approach to laws impacting persons required to register for sex related offenses. DARSOL advocates for common sense, research based laws and policies through education, legislation, and support for persons required to register as well as for members of their families.

WE BELIEVE

No sexual abuse is ever acceptable.

Sex offense laws and policies should be based on sound research and common sense, not fear, panic or paranoia.

Current laws and policies that paint all people who have committed a sexual offense with one broad brush don't contribute to public safety, are counterproductive, wasteful, and cause needless harm as well as significant collateral damage.

Each offense must be judged on its own merits with a punishment that fits the crime without wasting taxpayer dollars.

The public sex offense registry and residency restrictions do not protect children but instead ostracize and dehumanize entire families while giving the public a false sense of security.

Money spent on purely punitive measures would be better used for prevention, healing, and rehabilitation.

Working together we can protect the rights and dignity of all of our citizens while making our communities safer. Visit our website or call us to learn more.
